Prime Minister Nehru of India Dies at 74

By CONRAD FINK

NEW DELHI, India (AP) — Jawaharlal Nehru, prime minister of India since it became independent in 1947 and one of the world's leading statesmen, died today after suffering his second stroke in less than five months. He was 74.

"The prime minister is no more," Steel Minister C. Subramaniam told the sobbing Parliament. "Life is out. The light is out."

Nehru was stricken at 6:25 a.m. as he arose at his usual hour. He died at 2 p.m. — 4:30 a.m. EDT, seven hours and 35 minutes later. A stroke on Jan. 7 had partially paralyzed his left side but he had recovered somewhat and in recent weeks had resumed his seat in Parliament.

His only child Mrs. Indira Gandhi, was with him when he died. A large team of doctors was in attendance. The U.S. Embassy offered its medical staff and equipment, but an embassy spokesman said the Indian government did not request assistance.

Nehru's two sisters, Mrs. Vijayalakshmi Pandit and Mrs. Krishna Hutchesingh, left Bombay by special plane for New Delhi.

Mrs. Pandit is governor of Maharashtra State. Nehru's death urgently raised a question that has plagued India for years — his successor. The strong-willed prime minister held the reins of power firmly and adamantly refused to designate a successor.

A leading candidate has been Lal Bahadur Shastri, 59, a mild-mannered, 5-foot-2 veteran of the ruling All-India Congress party and a close friend of Nehru. After Nehru's first stroke, he summoned Shastri, made him a cabinet minister without portfolio and put him in charge.

But when Nehru began recovering, Shastri was elbowed aside and his political stock dropped.

Two other political figures generally regarded as possible successors are Home Minister G. L. Nanda and Finance Minister T. T. Krishnamachari.

The Indian constitution provides for the president, normally a ceremonial official, to take over the government on the death of the prime minister.

The president is Sarvepalli Radhakrishnan, an elderly philosopher renowned in world academic circles and a highly respected figure in India.

Planting Season Good But Some Crops Too Dry

LITTLE ROCK (AP)—Farmers are making good progress with planting and crop cultivation because of continued good weather this spring, the Crop Reporting Service said today.

Planting and seeding of cotton, rice and corn is nearly complete, the CRS report said, and about 40 per cent of the soybean acreage has been planted.

About 15 per cent of the cotton acreage is not up to stand and much of this will not come up until it rains, the report said.

The service said early cotton is being cultivated and chopping is beginning. If said chemicals are being applied for weed and grass control around the emerging seedlings, and seedling diseases continue to cause trouble in several counties.

About 95 per cent of the rice acreage does not yet show a crop because of dry soil. Flooding is under way in some areas. Early rice is in fair to good condition with fertilizer and weed control chemicals in use.

Dry weather has slowed soybean planting.

U.S., Russia Sign Historic Consular Pact

WASHINGTON (AP)—President Johnson announced today an historic consular treaty with the Soviet Union and termed the event "a significant step" in building understanding between the American and Soviet peoples.

The treaty, announced simultaneously in Washington and Moscow, will provide for the opening of consular offices in the two countries. It is the first treaty ever negotiated between the United States and the Soviet Union.

Johnson, citing the advantages which he expects this country to receive as a result of the agreement, said that when the treaty takes effect "Americans detained in the Soviet Union for any reasons will be assured of access without delay to American consular officials."

George Reedy, White House press secretary, was asked whether this would apply to any Americans who might be arrested on espionage charges.

"The statement says 'for any reasons,'" Reedy replied.

Johnson said the agreement, which must be ratified by the Senate before it can take effect, will be signed in Moscow on June 1.

Foy Kohler, U.S. ambassador in Moscow, will sign for the United States. Soviet Foreign Minister Andrei Gromyko is expected to sign for Russia.

In announcing the completion of lengthy negotiations on the agreement, Johnson hailed the treaty as "a significant step in our continuing efforts to increase contacts and understanding between the American people and the peoples of the Soviet Union."

Kiwanians Told About Trip Abroad

Dr. George L. Balentine, home from a three-week evangelistic campaign in London, outlined the highlights of his trip to Hope Kiwanis Club Tuesday as guest speaker before the civic organization.

He joined with a number of other Southern Baptist Convention ministers on a jet flight from New York to London in six hours, and also returned by plane.

Dr. Balentine, pastor of First Baptist Church of Hope, told of the British economy which he said was far behind that of the United States, and said the London barbers were worst hit because of the current craze of the "London Beatles" and their peculiar haircuts.

The face of London, he pointed out was changing, many old historic buildings being replaced with modern skyscrapers with latest modern facilities.

Stores are well-stocked and similar in many respects to those you find in the United States. Prices are much less, he pointed out, especially food prices, clothing transportation, taxi-cab and sub-way fares.

Homes are comfortable, but not well heated. The British merely put on additional clothing with a cool snap. A fabulous steak dinner costs only \$1.40 in London compared to \$2.75 for one piece of cooked chicken in New York City.

The people there, he said, were friendly and gracious. The weather: Delightful, no fog, no rain, and London and the countryside is in full bloom at this season of the year.

There is history on every corner in London. He told of his visit to the House of Commons, Buckingham Palace, the University of Oxford, and other places of major interest. The automobiles are smaller than the Volks—and they all run on the wrong side of the road.

Dr. Balentine then touched on the spiritual climate of London, lamenting the fact that out of a metropolis of 12 million people, only seven percent attend church.

The major reason, he said, was that World War II leveled many of the church buildings by bombing raids, uprooted congregations, and that many people had lost the sense of God and the sense of life and death.

London has not recovered from the last war but there is hope.

Girl Scouts Preparing for 5 Day Camp

Plans are being completed for Girl Scout Day Camp to be held June 1-5 from 8:30 a.m. to 3:30 p.m. at Dyke Springs, 2½ miles east of Hope. It will return to the church at 4 p.m. The second run will be from the side of the First Baptist Church at 9 a.m. and will return at 3:40 p.m. Girls who will be in the 3rd, 4th, or 5th grade next fall will ride this bus.

In case of rain, Day Camp will proceed as usual, but it will be held at the coliseum at Fair Park. The bus schedule will remain the same and will be \$1 per person. Adults are asked to help by picking their scouts up promptly. If for some reason it should be necessary to contact Day Camp, call George Frazier, at Roy Anderson Insurance Co., PR 7-3481.

Each girl is to bring: 1) a sack lunch (sandwiches, fruit, raw vegetables, cookies). Milk will be furnished at the campsite; 2) Unbreakable drinking cup with handle; 3) A sit-upon; 4) A light blanket for use at rest period; 5) Scout handbook.

Wear comfortable out-of-door clothes (no halters because of sunburn), sturdy shoes and socks for hiking, and a sun cap. All items should be clearly marked with name.

Wallace May Talk in Georgia

ATLANTA, Ga. (AP)—Gov. George C. Wallace of Alabama has been approached about the possibility of addressing Georgia legislators next week, but Gov. Carl E. Sanders does not like the idea.

Three House members said they would invite the Alabama governor to speak Tuesday. Sanders, a racial moderate, frowned on any speech by the Alabama segregationist before the legislature.

Rockefeller Indicates Push for Permanent Registration as a Fall Campaign Issue

LITTLE ROCK (AP)—Winthrop Rockefeller indicated Tuesday that he will make the push for permanent voter registration into a campaign issue this fall.

Rockefeller, the Republican candidate for governor, favors permanent registration. His likely Democratic opponent, Gov. Orval E. Faubus, hasn't committed himself, but he approved the legislature's passage of an annual system at a recent special session.

Rockefeller called a news conference — his first official meeting with newsmen since he announced for governor April 4 — so he could sign in public a petition to put a permanent registration amendment on the ballot in November.

Rockefeller first announced his push for permanent registration before the legislature met. He reaffirmed it last week when the Republican State Committee adopted a resolution endorsing the amendment.

The Legislature's annual registration system—Act 19 of 1964—was invalidated by the Arkansas Supreme Court which ruled that the general assembly was without power to pass a law authorizing anyone without a poll tax to vote in state, county or municipal elections.

Rockefeller was asked if he might make registration a campaign issue. "Special sessions are expensive and it is unfortunate that they are costing the

taxpayers of Arkansas so much."

This was a veiled thrust at Faubus who has called six special sessions during his nine years in office.

Dr. H. D. Luck of Arkadelphia, new chairman of a Committee for Voter Registration which is circulating petitions for the amendment, was in Rockefeller's office during the news conference.

Luck said the committee believes it will get the 30,000 signatures needed to put the measure on the ballot. The drive is non-partisan, he said, adding that he hopes to get Faubus to support it.

Rockefeller met Arkansas newsmen shortly after he returned from Washington where he attended a meeting of the GOP National Committee. He told newsmen there that he was flattered because Arkansas Republicans had decided to give him a favorite son nomination at the GOP National Convention.

"It will create an unusual situation," he said. "It's the first time that two brothers will have been nominated at the same convention."

Rights Issue Suffers Blow in Florida Vote

MIAMI, Fla. (AP)—A delegate slate pledged to Sen. Barry Goldwater was turned down by Republicans, and a governor sworn to erect barriers against civil rights was nominated by Democrats in Tuesday's Florida primary.

Goldwater's chances of Florida support at the national convention were not erased. But they were weakened by election of a slate headed by a man who made no bones about current disenchantment with the Arizona conservative.

"Goldwater appeared on television and radio extensively in the last week and campaigned against us," said Tom Fairfield Brown of Tampa, state Republican chairman who heads the

One of the nicest things that ever happened to Hope Star was a letter we received last fall from J. Winton Lemen, manager of the Photo Press Sales Division of Eastman Kodak Co., Rochester, N.Y.

The Eastman company had run a national survey of personnel and trade practices among newspaper photo laboratories or "darkrooms"—and Mr. Lemen's letter advised me that since the New York Daily News was the largest newspaper replying to the survey, and Hope Star the smallest, he proposed to reproduce the front pages of both papers on a color slide to be used by Eastman on a national lecture tour.

With a chance for national publicity like this your editor got in a plug for our southwest Arkansas poultry industry. Accompanied by a representative of Southland Farms, Inc., which supplies chicks and feed for pullet flocks, I went to the farm of Watson Ward and his son Dale, Prescott Route Three, five miles north of Prescott on State Highway 24. There we found a flock of 8,000 Hy-Line pullets—and I made a 5-column photograph.

It was published in Hope Star of October 23, 1963, and that's the front page that went to Eastman at Rochester, N.Y.—the one you are looking at alongside the tabloid New York Daily News in the picture above.

With this and other color slides Mr. Lemen went on a tour of News Photo Short Courses

under the auspices of the National Press Photographers Association. The word about Hope and its big poultry business was spread in cities like these:

Norfolk, Va., Omaha, Neb., Memphis, Tenn., and Hartford, Conn.

Editorial publicity is all right—but we cherish even more the recognition of worthy enterprise and sound technique; for these are the bread and butter of newspaper-makers.

This writer launched Hope Star's photographic department out of necessity in 1936 because of the demands of our Arkansas Centennial Edition. It must have come off O.K. since the head librarian of the Alamo San Antonio, wrote me that it was "the best historical edition issued in either Texas or Arkansas in Centennial 1936."

Back yonder it was one man and one camera and no darkroom—our pictures being processed by neighboring Shipley Studio. In 1937 we installed our own darkroom.

Today there are two photographers, C.M. (Pod) Rogers, Jr., who doubles as circulation manager, and myself. The newspaper has four cameras, plus three more of my own—and what AP and UPI men tell me is the best-equipped newspaper darkroom in Arkansas. In any event, it stands on the newspaper's books at \$5,861 reproductive value.

So our pictures are good—well, they ought to be!

Cotton Price Support Up to 38.1c

WASHINGTON (AP)—The actual average support price for 1964 crop cotton will range from 19.9 to 38.1 cents per pound, the Agriculture Department announced Tuesday.

The department said that on the basis of the quality of the crop from 1958 through 1962, the national average support rate this year would probably be 29.3 cents per pound.

The national average base support is by law 30 cents a pound for the 1964 crop. This applies to white middling, 1-inch cotton, gross weight. But actual rates vary according to grade and staple length of cotton offered for price support loans.

The lowest national average support of 19.9 cents will be for finged low middling 13-16 inch cotton. The highest rate of 38.1 cents will be for white good middling or better with 1½ inches staple.

The premiums and discounts are designed to reflect the differences markets pay for various grades and staple lengths.

Peace Officers in Convention

LITTLE ROCK (AP)—The Arkansas Peace Officers Association, Inc., opens its 44th convention here today.

The officers will discuss problems of law enforcement, hear talks on police training, and take part in panel question and answer sessions on police training and law enforcement.

W. H. L. Woodyard, director of the State Motor Vehicle Division, is association president. The meeting will last through Friday.

O'Quinn Joins the University Staff

He will work with the freshman team.

winning slate. "I feel we have a mandate from the people to go to California and represent Florida the best we can. Whether the delegates will be in favor of Goldwater when we get there may be another matter."

Brown's slate will send at least 8 of the 34 Florida delegates to the convention. The six other spots remained in doubt. It was a big victory for Brown, who had led his delegation in a fight for the state party leadership against Rep. William Cramer, R-Fla., who headed the slate pledged to Goldwater.

An Associated Press poll had shown most of the Brown slate loyal to Goldwater, but Brown now called it a "no-preference delegation."

Hayden Burns, 52-year-old mayor of Jacksonville and a tough-talking foe of the civil rights bill, won the Democratic nomination for governor. That means almost certain election in November against Republican Charles Holley, a state legislator.

Burns won by a margin of more than 167,000 votes over Mayor Robert King High of Miami, who had promised to enforce any civil rights law enacted by Congress and signed by President Johnson.

Racial violence hit Burns' city of Jacksonville during the heated campaign, which was waged almost entirely on the rights issue.

concluded his statement with these words:

"It is my hope that this treaty—the first bilateral treaty between the United States and the Soviet Union—will be a step forward in developing understanding between our two countries—which is so important in

the continuing struggle for peace."

Johnson, in citing improved consular services to be made possible in both countries as a result of the treaty, said Americans visiting the Soviet Union either as tourists or for business reasons "will have available to them a greater degree of consular protection than ever before."

Johnson listed these other potential benefits: "American businessmen and

shipping companies will be able to call on U.S. Consular services to assist in representing their interests. And the mechanics for dealing with a whole range of legal problems from complicated questions of inheritance to simply notary services will be considerably eased."

The United States and the Soviet Union have entered into a number of treaties which also involved other signatory countries.

Car Hits Bridge,
One Man Killed

POCAHONTAS, Ark. (AP) — Joe Garrett, 22, of Pocahontas, was killed and two persons injured early today when his car overturned on Arkansas 115 and hit a bridge.

State Trooper Weldon Evans said Sue Darnell, 15, and Sharon Palmer, 16, both of Doniphan, Mo., was injured and hospital-

ized here.

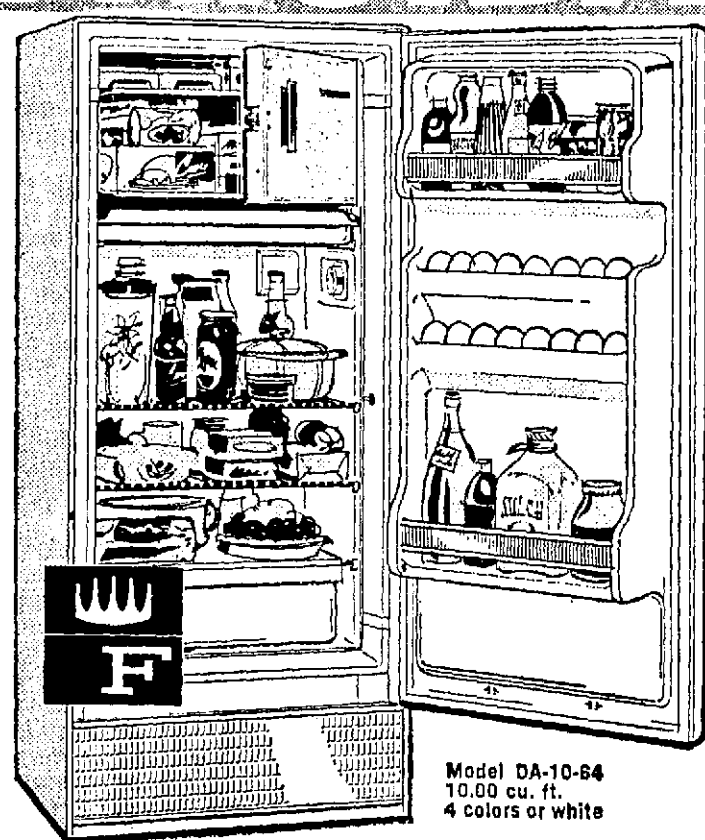

Garrett's car went out of control on a curve, overturned twice, hit the bridge, and pinned Garrett beneath the car, Evans said.

Miss Palmer was in shock and wandered three-fourths of a mile from the scene of the wreck before she was found, Evans said.

Miss Darnell suffered a broken elbow and broken pelvis, he said.

Presbyterians Put Vigor in Stand

By HUELL WARREN JR. Associated Press Writer

OKLAHOMA CITY (AP)—The United Presbyterian Church, U. S. A. put new vigor into militant stands from which it had been asked to retreat — its involvement in the struggle for race equality and opposition to devotional programs in the public schools.

The 841 voting commissioners in the church's General Assembly renewed its insistence upon federal aid for schools and advanced the concept of shared time or dual enrollment.

United Presbyterians, with 3.3 million members in about 9,100 churches, thus became the first protestant denomination to suggest the sharing of secular courses in public schools with parochial school pupils.

The stands were taken in a 3 1/2-hour session, ending just before last midnight. Only perfunctory debate occurred on the issues expected to generate the most heat — race and prayers and Bible reading in the public schools.

A year ago, the assembly voted \$500,000 for a 2 1/2-year campaign against racial discrimination.

The new policy statement urged the church's agencies, pastors and members "to support and be involved in those groups that are working non-violently to bring about racial freedom and justice."

The church reiterated its contention that devotional programs in public schools either are meaningless ritual or result in an indoctrination that should be reserved to the church and the home.

Her fiancé, a graduate of Prescott High School, attended Southern State College, and received his B.S. Degree in electrical engineering from the University of Arkansas. He is employed by Douglas Aircraft Corp. of Tulsa, Okla.

The wedding will be solemnized July 11, in the First Baptist Church of Gurdon.

"DEAR ABBY"

FACT—AND FICTION!

By Abigail Van Buren

Dear Abby: This is for the mother who read her 16-year-old daughter's diary and was "worried sick." I, too, was 16 when my mother read my diary (20 years ago). It read like this: "After choir practice we all went to Margaret's house and as usual her mother was out. We were popping corn when Margaret's brother came in with some friends. 'R.M.' sure is the love of my life. When Margaret's mother came home, 'R.M.' was showing us how the coach gives rubdowns. I'm sure she thought the worst! Next week after choir we will go to Betty's as her folks will be out of town. Oh, boy! Heres hoping 'R.M.' will be there. Some of the above was true, but the part about 'R.M.' was all wishful thinking. I had a terrific crush on him and he didn't know I was alive. I filled my diary with one imaginary love affair after another. Of course my mother never would believe that it was all made up. I'm sure that many teen-agers do this today. My own little girl (13) is now entering the thrilling age of secrets, and I am glad I have a secret to help guide me. Sincerely,

AUTHOR OF A TEEN-AGE DIARY

Dear Abby: I seldom disagree with you, but when you say it is "unforgivable" for a mother to read her daughter's diary, I can't go along with that. It is the DUTY of parents to keep a close eye on their children until they are able to assume full responsibility for their actions. If a mother can learn something helpful in guiding her daughter by reading her diary, or letters, or listening in on telephone conversations, I say more power to her! The "loss of privacy" is not nearly as serious to 15- or 16-year-olds as the trouble they

It doesn't do any good to hear the confessions after a girl is in trouble when the trouble is evident.

ANOTHER POINT OF VIEW

Dear Abby: I, too, have read my 16-year-old daughter's diary for more than five years, and I expect to tell her only when she is lying awake waiting for her teen-ager to come in. By reading it, I have come to understand the intense need for love and patience at 16. It has helped me to force trouble before it develops, and to offer wise guidance. It has taught me to listen instead of preach. It has helped me to set limits before they are breached. It has also given me growing confidence in my daughter's ability to make the right decisions. I believe I have an obligation to God to return this child to Him as a fulfilled, useful person, not as an apology. And I know that I will be forgiven for using "unforgivable" means to do so when the time comes.

A MOM WHO CARES

Dear Abby: I am the mother of a 16-year-old boy, and while he doesn't keep a diary, I did come across an unfinished letter he had written to a boy cousin. I was shocked and heart sick at some of the stuff he had done. Since one incident had to do with school, I got in touch with his football coach, and a helpful school counselor, and had a talk with them. It turned out that my son hadn't done any of these things! He was just tired of being a "good kid" and wanted to appear more daring and spirited. Perhaps our entertainment today makes crime and violence appear so glamorous and exciting that our young people feel almost ashamed if they don't get into some sort of trouble. Parents shouldn't feel hurt if their children don't share all their thoughts and dreams with them. I know I didn't, and I had wonderful parents. This might help the mother who was "Worried Sick" because of the escapades she read in her daughter's diary. They were probably pure fiction, too.

No Trouble With Bunker on the Hill

By MIKE RATHET

Associated Press Sports Writer

There's no battle when Bunker is on the hill.

Wally Bunker, the 19-year-old rookie right-hander creating a sensation with the Baltimore Orioles, marched up on the hill for the fifth time this season Tuesday night and came away with his fifth victory, 2-1 over the Detroit Tigers.

There was, of course, the usual skirmishing, but Bunker has not been bombed yet. This time he set the first 13 Tigers down in order and allowed only three hits before he was lifted for a pinch hitter when the Orioles scored the winning run in the seventh.

Bunker's professional experience before this season consisted of 14 games with Stockton in 1963, where he posted a 10-1 record, and an 0-1 record with the Orioles after reaching the majors at the tailend of the season.

The teen-ager tosser has become the Orioles' No. 1 winner, allowing only 22 hits and eight earned runs in 41 innings for an eye-opening 1.76 ERA.

While Bunker was winning his fifth straight, Ken McBride of the Los Angeles Angels continued to add to his total on the debit side of the ledger. McBride allowed only three hits in eight innings but lost to Minnesota 2-1 for his eighth defeat since an opening-game triumph.

Elsewhere in the American League, Boston edged Washington 3-2 on Ed Bressoud's run-producing single in the ninth and the New York Yankees defeated Cleveland 5-2 on Bobby Richardson's ninth inning single. The Chicago White Sox were rained out at Kansas City.

In the National League, the New York Mets crushed the Chicago Cubs 19-1. Pittsburgh belted Philadelphia 13-4. Cincinnati whipped the Los Angeles Dodgers 6-2 and Houston downed Milwaukee 4-2. San Francisco and St. Louis were rained out.

The Orioles broke a 1-1 tie in the seventh on singles by Jerry Adair, Dick Brown and Bob Johnson, who pinch hit for Bunker. Stu Miller protected the edge, pitching no-hit ball over the final three innings in his 18th relief appearance.

The Tigers had tied it in the fifth against Bunker on a walk. Bill Freeman's single and a sacrifice fly by Don Wert.

McBride, protecting a 1-0 lead lost it in the fourth when he hit Rich Rollins with a pitch and an error and a walk filled the bases. Don Mincher's sacrifice fly got the run home. The Twins moved ahead to stay in the seventh when Mincher singled and eventually scored on an infield hit by winning pitcher Jim Kaat.

Kaat bringing his record to 5-2 struck out nine and scattered eight hits.

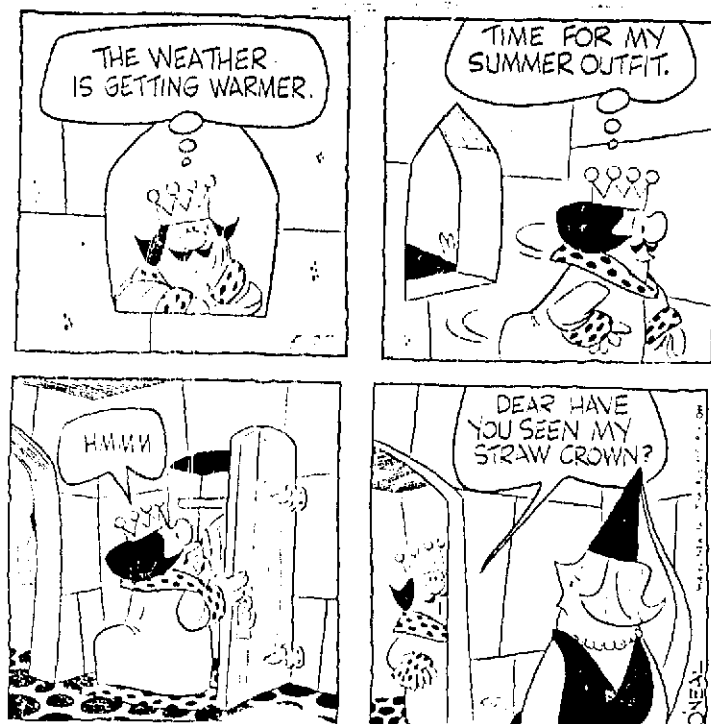

Jim King hit for the cycle for the Senators, smacking a single, double, triple and homer. The homer tied the score 2-2 in the sixth. The Red Sox won it in the ninth when winning pitcher Earl Wilson led off with a walk and moved around on singles by Dalton Jones and Eddie Bresnahan.

The victory was the fifth straight for the Red Sox and their eighth in nine games.

Richardson, who earlier had belted a pair of two-out triples but was stranded, drove across the tie-breaker for the Yankees

Umpires Have Issued Strike Ultimatum

By JOE MOOSHIL

Associated Press Sports Writer

CHICAGO (AP)—The National Baseball League Umpires Association, having failed to pressure a pension plan increase, has issued a strike ultimatum.

Either the National League meets the association's demands or "appropriate action" will be taken by 3 p. m. July 3, said attorney John J. Reynolds of Chicago, who represents the group, on Tuesday.

The move hit such baseball officials as Warren Giles, president of the National League, and Ford Frick, the game's commissioner, by surprise.

However, the umpires' association has been angling for increased pension benefits for the last six months without receiving league courtesy, said Reynolds.

Eighteen of the league's 20 umpires met with Reynolds in Chicago and drafted a letter demanding increased benefits. Copies of the letter were sent to Giles and every team in the league.

Currently, the pension plan for umpires retiring at 55 calls for \$209 a year for each year of service meaning an umpire with 10 years of active service would receive \$2,090 a year upon retirement.

The association, however, wants this figure boosted to \$300 a year for each year of service. Recent dickering resulted in an offer of \$250 by Giles which the National League umpires turned down before issuing their ultimatum.

Reynolds said that he and five directors of the group met with league officials at the major league meetings last December. This group also huddled with the National League Pension Com-

following singles by Elston Howard and Phil Linz. The victory went to Pete Mikkelsen, working in relief of Whitey Ford. Roger Maris homered for the Yankees as they scored two runs in the fourth inning.

NBA Cagers Modify Their Draft Rules

NEW YORK (AP)—With a nod in the direction of its haven club, the National Basketball Association has modified its draft rules.

In the annual meeting of the board of governors Tuesday, the league also voted to provide its players with the controversial pension plan which nearly caused a strike at the NBA All-Star game in Boston Jan. 14.

The revised draft regulations will give the league's tailend clubs two choices each before any other team is permitted to pick in the annual player selections each spring.

The pension plan adoption resolves an issue which has been under discussion for more than two years. Originally proposed by Fred Zollner, owner of the Detroit Pistons, the plan was thrust into the spotlight by the players at last season's All-Star game.

Disgruntled at what they called stalling tactics by the owners, the players demanded consideration of the plan before last January's game. When the demand was turned down, they threatened not to play the game.

League President Walter Kennedy, who was voted a new four-year contract and a raise in salary at Tuesday's meeting, finally persuaded the players to take the court after a 15-minute delay.

mittee. "We made repeated requests for an opportunity to discuss our demands," said Reynolds "but we heard nothing from the league. Two weeks ago we received a letter from Mr. Giles in which he presented his proposal of \$250 a year per man.

"We held our meeting and the umpires voted against acceptance. That is our final decision and I don't think we have to hold any other meetings."

Frick said he didn't know anything about a strike threat and added that "I would have to say at this time that it is a league matter."

Umpires in the American League are not organized such as their National League counterparts. American League umpires had a pension plan calling for \$150 a man per year of service until this spring when the figure was boosted to \$250.

Baseball World Agog at 19 Runs by Mets

By HAL BOCK

Associated Press Sports Writer

National League umpires, who are talking about a strike, must have been out painting picket signs.

How else can you explain the New York Mets scoring 19 runs? In a week you say? Well, it's true that would be a prolific output for Casey Stengel's runless wonders for seven days and it's more than they scored last week. But we're talking about a single game.

That's right, a single game. And there were 2,503 fans in Chicago's Wrigley Field Tuesday who can testify to the 19-1 victory. In years to come that number is sure to grow. People like to say they were on hand when history was made.

The Mets, whose past performance has made them somewhat modest souls, did most of the damage with a couple of fellows named Smith. They weren't the cough drop boys but Dick and Charley certainly irritated the Cubs as New York sprayed 23 hits against six Chicago hurlers.

Dick Smith became the first Met ever to get five hits in a game with three singles, a double and a triple. Charley Smith belted a three-run homer, the game's only four bagger, and added two singles for five RBI.

Jack Fisher, delighted with the fantastic support, fashioned a four-hitter and went the distance for the first time since May 3, 1963.

And Stengel? The Ol' Perfesser was delighted with the show. "Well, I suppose most of the club owners will be trying to contact me now to get my players," he told newsmen.

Don't expect a mad rush, Case.

While the Mets were wearing out Cub fielders, Pittsburgh gave Philadelphia a similar treatment. The Pirates scored 10 runs in the first two innings and coasted to a 13-4 victory. Houston dropped Milwaukee 4-2 and Cincinnati whipped Los Angeles 6-2. San Francisco and St. Louis were rained out.

In the American League New York edged Cleveland 4-2. Baltimore nipped Detroit 2-1. Boston clipped Washington 3-2, and Minnesota beat Los Angeles 2-1. Chicago and Kansas City were postponed by rain.

The Mets jumped on Cub starter Bob Buhl for four runs in the first and completed the carnage with six runs in the ninth. In between they kept the Cubs chasing base hits all over the field and looked like anything but cellar dwellers.

Manny Mota had a solo homer and Jim Pagliaroni crashed a grand slammer as the Pirates hopped on Chris Short and Dallas Green in the first two innings.

Vern Law won it with a six-hitter fanning seven and walking one. Cookie Rojas and John Callison homered for the Phils.

Dick Farrell became the first seven-game winner in the majors, throttling the Braves on four hits. Al Spangler's leadoff homer got the Colts started and Farrell's 11-strikeout pitching kept them going.

The Braves, who had banged out 43 hits in winning their last three games, made their loudest noise with solo homers by Felipe Alou and Joe Torre. Torre also doubled and walked raising his average to .376.

Don Drysdale permitted just three hits but Cincinnati bunched them in the second inning and combined with Drysdale's throwing error on an attempted pickoff it led to a 3-0 Reds' lead.

Cincinnati added three in the ninth against Ron Perranoski. Bob Purkey had a four-hit shutout until Tommy Davis singled and Frank Howard cracked his 13th homer in the 9th.

Orinles Manager Is Fined \$50

BALTIMORE (AP)—Manager Hank Bauer of the Baltimore Orioles was advised Tuesday that he had been fined \$50 for his vicious dispute with umpire Al Salerno last Friday night.

"I think I got off pretty lucky," Bauer said after receiving a telegram from American League President Joe Cronin. "I thought that if I was going to get fined, it would be more than that. That's their prerogative — to fine me whatever they want."

Bauer charged onto the field when pitcher Steve Barber and him \$50 after Minnesota's Tony Oliva was struck on the batting helmet by a Barber pitch. Bauer had to be restrained by other umpires and Oriole players.

Referee Is Reflecting on Decision

By ANIBAL ARGUELLO

MONTEVIDEO, Uruguay (AP)—The referee at the disastrous soccer game in Peru is mourning at home with his wife and two daughters for a week.

"Then I want to see my priest," said Angel Eduardo Pazos. "I want to be sure the fault wasn't mine, like some Lima newspapers are saying. It has been so terrible."

"But I will remain a referee," added Pazos, 38, a metal worker who officiates at soccer games in his spare time.

Argentina's team was leading Peru's 1-0 in the pre-Olympic game in Lima Sunday when Pazos disallowed a Peruvian score because a Peruvian player had committed a foul. A spectator jumped onto the field and ran toward Pazos.

Police dragged the man off, but other fans poured onto the field and Pazos called off the game. Rioting began.

"The police had to use tear gas because the water hoses didn't work," Pazos said.

A frenzied push for the exit gates began, but four of the seven at the north end of the stadium were locked. Body upon body was crushed against the barriers. Those who fainted or stumbled were trampled. There were 328 dead and hundreds more injured — the sports world's greatest tragedy.

Peruvian authorities disclosed Tuesday that three of the dead were policemen killed by the mob. Rioters strangled a sergeant with his own necktie. An officer who tried to save him was thrown from the stadium wall to his death 50 feet below.

A third policeman was thrown into the path of stampeding spectators and was trampled.

Pazos said he couldn't understand why the stadium gates were closed.

"Fifteen minutes before the game was to end, the gates to the stadium were open," he said. "Then they were closed. This doesn't make sense."

Crying as he talked, Pazos said, "I was correct in my call. There was no mistake. I called the game by the rules."

"An excellent referee, an all-around athlete, one hundred per cent honest," said the Montevideo newspaper El Pais.

Dancer Is 3 and Future Is Bright

NEW YORK (AP) — Northern Dancer celebrated his third birthday today with a brilliant past behind him and an even brighter future in the offing.

There was a birthday cake that looked very much like carrots for the little package of equine dynamite from Canada at barn 31 in Belmont Park's stable area. And trainer Horatio Luro gave the Kentucky Derby and Preakness winner the day off from preparing for the June 6 running of the Belmont Stakes, when he will seek to become the first Triple Crown winner since Citation in 1948 and the ninth in history.

All horses automatically advance a year in age on January 1. But the Canadian-born and owned son of Nearctic-Natalma wasn't foaled until May 27, 1961 — late by United States customs. Northern Dancer goes into the Belmont Stakes with a record of 13 victories, one in a betless race, two seconds and one third in 16 career starts and earnings of \$519,072. He has won seven straight since finishing third in his 3-year-old debut.

Eisenhower Fools Them in Golf Game

By RALPH BERNSTEIN
Associated Press Sports Writer

ARDMORE, Pa. (AP) — The crowd at Merion Golf Club was apprehensive. Comments included, "Gee, I hope he plays well," to "I hope he doesn't embarrass himself."

The "he" was Gen. Dwight D. Eisenhower, and the former president not only didn't embarrass himself, but stole the show from his partner, Masters champion Arnold Palmer.

Eisenhower and Palmer teamed in a match Tuesday for the benefit of the Heart Fund against veteran pro Jimmy Demaret and dancer Ray Bolger. The Heart Fund reported it took in \$25,000.

On the course made famous by Bobby Jones, when he completed his golf grand slam here in 1930 (winning the British and American Open and amateur tournaments. Gen. Ike played the kind of golf that prompted Palmer to comment:

"I must admit, he carried me all the way. His golf was superb."

This was Ike's first public golf exhibition, and he did himself proud as he and Palmer defeated Demaret and Bolger 3 and 2 over the par 36-34 course in suburban Philadelphia.

Actually, the match was over from a competitive standpoint at the end of the 16th, but at Ike's insistence, the foursome finished the round. When the 16th hole was halved, referee Clarence Benedict, president of the U.S. Golf Association, said to Ike:

"The match is over General. You've won. Do you want to stop or play the last two holes?" Ike consulted with an aide, asking the time, and was advised to call it a day.

"Aw, let's go play," said the untanned 73-year-old Ike, introduced here as "the dirt farmer from Gettysburg, Pa."

So they played. And on the 17th hole Ike brought the house down. Putting from the edge of the green he dropped in a 50-footer.

As the crowd cheered and applauded, he tipped his white golf cap, grinned from ear to ear and accepted congratulatory whacks on the back from his fellow players.

Asked if that was the longest putt he ever made, Ike said, "I've sunk longer, but they're all miracles as far as I'm concerned."

Group Told to Seek Opportunity

RUSSELLVILLE, Ark. (AP) — Col. Charles Maynard, Little Rock district engineer for the Army Engineers, said here Sunday that college graduates need not look beyond the boundaries of Arkansas to see opportunities and change.

Maynard spoke at Arkansas Tech's commencement, at

DORSEY STRINGFELLOW, 26, HAS TAKEN OVER as manager of Rephan's Department Store here. He is a graduate of Brinkley High, served nearly four years in the U.S. Air Force and completed three years of college work at Arkansas Tech where he majored in general business.

HE WORKED AS ASSISTANT MANAGER OF Young Dept. Store in Paris, Ark. a year and manager at the Des Arc store, resigning to take the post with Rephans.

MR. AND MRS. STRINGFELLOW ARE Methodists and have three daughters, LeAnn, 4, Nancy 2½ and Karen 13 months.

Bids on Road Jobs Total \$4 Million

LITTLE ROCK (AP) — The Arkansas Highway Commission opened bids today on \$4,029,076 worth of road and bridge jobs, and an Oklahoma firm got a contract amounting to one-fourth of the total.

Empire Construction, Inc., of Tulsa, submitted an apparent low bid of \$1,051,989 for construction of 5.6 miles of Interstate 40 from the Oklahoma state line eastward.

Other bids and jobs, by county: Woodruff: 5.5 miles of improvement on State 64 from McCrory eastward to the Cross County line; Mississippi Valley Engineering and Construction Co., Memphis, \$859,166.

St. Francis: 11.6 miles of construction on Interstate 40 from three miles west of Forrest City eastward; Forsgren Brothers, Fort Smith, \$382,246.

Ashley: 6.6 miles of improvements on State 52 from Highway 165 in Wilcox eastward to the Chicot County line; Eugene A. Ware, Inc., Bastrop, La., \$247,475.

Union: 7.4 miles of improvements on State 167 from Upland northeastward to ½ mile south of El Dorado (El Dorado highway project); Reynolds & Williams, Little Rock, \$987,016.

Faulkner: 1.4 miles of improvement on State 65 from Conway southward; APT Construction Co., North Little Rock, \$176,962.

Yell: 6.9 miles of improvement on State 80 from one mile east of Walfreak eastward to mile west of Macedonia; Forsgren Brothers, Fort Smith, \$294,891.

Logan: 4 miles of improvements on State 116 from Joyland northwestward to the Highway 116 junction; Freshour Construction Co., Inc., Sweet Home, \$29,331.

Festival Open Underway in Indianapolis

INDIANAPOLIS (AP) — Under suddenly fickle Hoosier skies, 149 pros and 10 amateurs launched the \$70,000 "500" Festival Open Golf Tourney today over a wet 6,467-yard layout that was mastered by most of the veterans in time-ups Tuesday.

Although an afternoon deluge abruptly ended Tuesday's celebrity pro-am event, 23 of 27 pros to finish matched or busted the 35-36-71 par. Sam Carmichael, a neighbor to the course who plays out of nearby Martinsville, Ind., drilled a 65—including an eagle 3 on the final hole. He still was four strokes shy of the 18-hole record set last year on the short, flat course.

Back for the fifth annual meet are defending champion Dow Finsterwald, who had a 16-under-par 268 last year; two-time winner Doug Ford, and 1962 champ Billy Casper. This year's tourney is worth \$12,000 to the winner.

In the field today were Jack Nicklaus, the leading money winner on this season's PGA tour, and Mike Souchak, fresh from a victory in last weekend's Memphis Open. They didn't participate in the warm-up round.

Methodists Due to Make Appointments

HOT SPRINGS, Ark. (AP) — Methodists of the Little Rock Conference moved into the third and last day of their 11th annual meeting today with the major event—reading of pastoral appointments—scheduled tonight.

Today's morning and afternoon sessions were set aside for routine business and reports. Bishop Kenneth Pope, head of the Methodist Church in Arkansas, will read the appointments. The church changes about one-third of its ministers annually.

The Little Rock Conference has now 183 active ministers. S. H. Allman of Hot Springs was elected Tuesday as lay leader of the conference. He succeeds Roland Shelton of Little Rock. Allman has been lay leader of the Arkadelphia District.

The church's Board of Christian Social Concerns approved a report Tuesday denouncing a proposed constitutional amendment which, if adopted in November, would legalize gambling in Hot Springs. The report had been approved by the conference Monday night.

Dr. William E. Brown, head of the anti-vice Christian Civic Foundation, told the conference that gambling is one of the most serious problems facing the state.

Pope announced Tuesday that Dr. W. Neill Hart of Little Rock, pastor of St. Paul's Methodist Church, would become executive director of the conference's Board of Education, succeeding the retiring Roy Fawcett.

Committee Okays Anti Poverty Bill

WASHINGTON (AP) — The administration's \$926.5-million antipoverty bill was approved today by the House Education and Labor Committee over solid Republican opposition.

The 19-12 vote, reflecting the committee's party makeup, climaxed more than two months' effort on the bill President Johnson has made one of his prime legislative efforts of the session.

Called the Economic Opportunity Act of 1964, the bill includes a variety of programs designed to "eliminate the paradox of poverty in the midst of plenty."

The bill includes several changes from the version sent up by the administration. The chief ones would:

—Permit young women, 16-22 to take part in a proposed Job Corps. They would live in residential centers and receive vocational education or work on conservation projects.

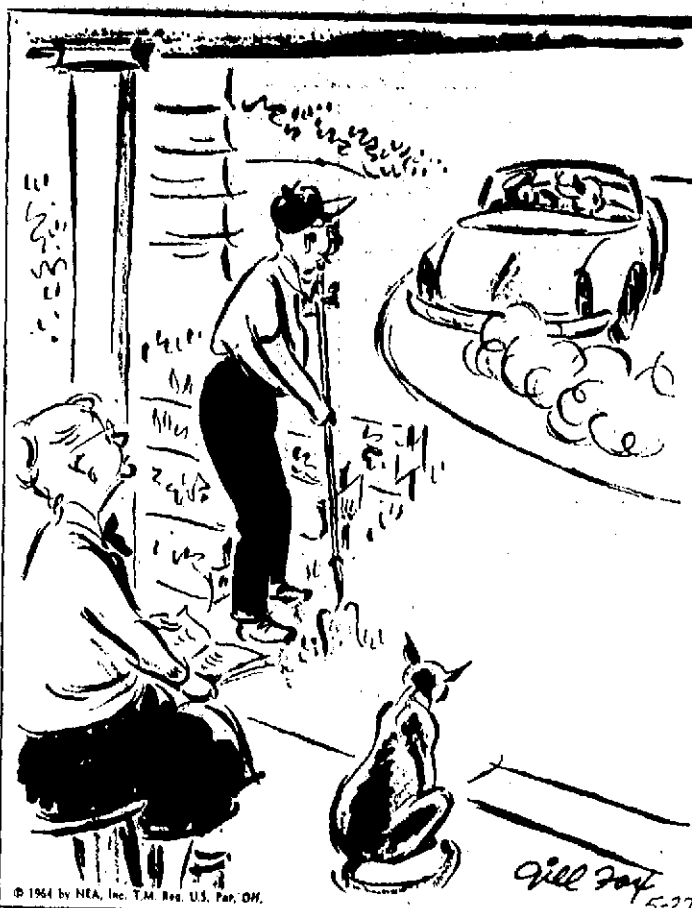

—Eliminate both public and private schools from receiving direct federal support under community action programs. The administration had proposed funneling such aid to public schools.

—Write allocation formulas for distribution of a state's share of funds for the Job Corps and the community action programs. The administration had proposed a more flexible arrangement whereby the director of the program could set the amount each state would get.

Republicans, who started hitting the program on the opening day of hearings last March, have called it politically inspired and a duplication of existing efforts.

More Children at Pine Bluff Assigned

PINE BLUFF, Ark. (AP) — The Pine Bluff School Board has assigned six more Negro children to attend desegregated classes next fall.

The assignments, made last Friday, bring to 11 the total number of Negro children who are to attend integrated classes in the 1964-65 term.

The school board's two-grades - a - year desegregation plan was begun last year with five Negro children assigned to the first and second grades of First Ward, Lakeside and Oak Park elementary schools.

The new assignments place a Negro pupil in the first grade of each of the elementary schools, and three in the fourth

Automation Is Endless Frontier

ARKADELPHIA, Ark. (AP) — Technology and automation have created an endless frontier, the assistant executive secretary of the National Education Association told Henderson graduates here Sunday.

Dr. T. M. Stinnett, the Henderson commencement speaker, said men did 90 per cent of the work 50 years ago, but said soon the same amount of work will be done by machines.

He said how man uses his leisure time will determine his destiny. Degrees were granted to 195 students.

grade of each school. The students assigned last year to the first and second grades move up to the second and third grades.

Complacent Warning to Democrats

LITTLE ROCK (AP) — Democratic leaders issued warnings about being too complacent in the election campaigns and complained that Republicans were getting too much publicity here Saturday.

The leaders met at the Arkansas Democratic Women's Club state convention.

The Democrats — including Gov. Orval E. Faubus; gubernatorial candidate Joe Hubbard of Russellville; and Mrs. Odell Dorsey, wife of candidate Odell Dorsey—demonstrated party unity at the meeting.

Clarence Thornbrough, administrative assistant to Faubus, termed the Arkansas GOP a "half party" which is "already getting more publicity than it deserves."

"A lot of Democrats think we have it made this year, and the other party can make some headway if we sit around and do nothing."

Referring to the GOP's recent state feud, Thornbrough said: "What is happening is that they are reduced to a handful of outs and with the help of the newspapers they are getting a lot of publicity without ever offering one single thing for the good of the people of Arkansas."

The governor said, "If I am any judge of the situation, it is going to take some activity this fall. The young Republicans are all over the place. They seem to be well financed. We have got some work to do or we are going to find our young people aligned with the wrong party."

State Democratic Party Chairman Leon Catlett said that under Republican leaders the nation would have high taxes, low employment and low income.

Burglars Hit Safe

VAN BUREN, Ark. (AP) — Burglars took about \$1,000 in cash from a safe at the Farmer's Co - operative here, co - op manager Jack White said Monday.

Doesn't Think Faubus So Strong

LITTLE ROCK (AP) — Gov. Orval E. Faubus isn't as strong politically as he would have his constituents believe, an opponent charged in a news conference Saturday.

Joe Hubbard of Russellville, one of the three men to oppose Faubus in the Democratic primary this summer, said the governor has to hope he can hold what strength he has now, no matter what he says.

Hubbard termed his strong criticism last week of news media an attempt to "recall people to their responsibilities as citizens."

Man Fatally Shot, Wife Is Held

CONWAY, Ark. (AP) — Faulkner County Sheriff Joe Castleberry said Earl Coy Washam, 35, was fatally shot at his home in Mayflower Saturday night.

Washam's wife, Bonnie, 31, was jailed here. Washam, a part-time deputy, was hit twice with shots from a .38 caliber pistol, Castleberry said.

Newsman Dies in Shreveport

SHREVEPORT, La. (AP) — Funeral services were set today for Hayden G. Van Hoose, general manager of the Newspaper Publishing Co.

Van Hoose, 57, died Monday after suffering cerebral hemorrhage April 22.

Van Hoose had been associated with the Shreveport Times and the NPC since 1928. The NPC is agent for the Times and Shreveport Journal and handles production of the two independent newspapers.

Utility Expansion

FAYETTEVILLE, Ark. (AP) — An Oklahoma City firm submitted the apparent low bid of \$341,170 Monday for a utilities expansion project at the University of Arkansas. The work includes providing utility systems for three university buildings under construction.

The burglars gained entrance through a side door, then forced open the safe.

Thought For The Day
It is a barren kind of criticism which tells you what a thing is not. — R. W. Griswold said it.

Calendar Of Events
Stewardess Board No. 1 of Mt. Zion C.M.E. Church will present the Melody Five Singers of Magnolia, Ark., in a program Sunday night, May 31, at 7:30. The public is invited to attend. Rev. T.J. Rhone, pastor.

Four Bishops Elected At A.M.E. General Conference
Quadrennial Session of the General Conference of the A.M.E. Church closed here Monday, May 18, 5:00 p.m. with the reading of the assignment of Bishops by the "Powerful" Episcopal Committee.

Prior to making this announcement, the conference passed many far-reaching bills designed to advance the A.M.E. Church that will enable the A.M.E. Church to keep abreast with other branches of Methodism and Protestant bodies.

The conference took a firm stand and made known that every effort possible will be made to encourage members of Congress to vote for the passage of "The Civil Rights" Bill in its entirety. A telegram was sent to President Lyndon B. Johnson

and other members of Congress to inform them of the stand taken by the conference representing one-and-a-half million members.

Budget Adopted-In keeping with a trend established by the 1956 General Conference in Miami, Fla., the conference adopted a 2 1/2 million dollar annual budget to operate the various department and colleges owned by the church for the next quadrennial. Also included in the budget are funds to operate what the conference called its "Outreach Program" in World Missions and Social Actions.

School Dropouts Get Attention—The nine college Presidents of the schools owned by the A.M.E. Church in their report to the conference as presented by Dr. Sherman Lawrence Greene, Executive Secretary, pointed out the need for a positive program that will help to curb the high rate of dropouts from schools and colleges. The report also called for a better trained ministry to fill the pulpits and to give the type of leadership needed in our communities today. They urged the members of the General Conference to give more financial and moral support to the colleges and seminaries owned by the A.M.E. Church.

Four New Bishops Elected: Three Retired—Another main feature of the General Conference was the election of bishops and general officers which was held on Saturday, May 16. The election began at 8:00 p.m. and lasted throughout the night and ended at 9:00 a.m. on Sunday, May 17.

Hundreds of persons along with the more than 1100 delegates remained in the Cincinnati Gardens where the conference was held throughout the night until the last bishop and general officer were elected, without leaving the building.

Elected as Bishops were: Dr. G. Wayman Blakely, pastor of St. Paul A.M.E. Church, St. Louis, Missouri, former pastor of Bethel A.M.E. Church, Little Rock, and a native Arkansan; Dr. Harrison J. Bryant, pastor Bethel A.M.E. Church, Baltimore, Maryland; Dr. Harold I. Bearden, pastor Bethel A.M.E. Church, Atlanta, Georgia; and Dr. Hubert N. Robinson, pastor Ebenezer A.M.E. Church, Detroit, Michigan. Those retired were: Bishop Sherman L. Green, who had been an active bishop for 36 years; Bishop N.O. Wright, Jr., and Bishop David H. Sims.

Bishops Assignment - First Episcopal District, Bishop John D. Bright Second Episcopal District, Bishop George Wilbur Barber-Third Episcopal District, Bishop William R. Wilkes—Fourth Episcopal District Bishop Joseph Gomez—Fifth Episcopal District Bishop Howard T. Primm Sixth Episcopal District Bishop Ernest L. Hickman Seventh Episcopal District Bishop Carey A. Gibbs-Eighth Episcopal District Bishop William F. Vail—Ninth Episcopal District Bishop Isaiah H. Bonner—Tenth Episcopal District Bishop O. L. Sherman—Eleventh Episcopal District, Bishop E. C. Watcher—Twelfth Episcopal District Bishop George N. Collins (Arkansas-Oklahoma) Thirteenth Episcopal District, Bishop Frederick D. Jordan-Fourteenth Episcopal District, Bishop Francis Gow—Fifteenth Episcopal District, Bishop Harrison J. Bryant, Sixteenth Episcopal District, Bishop G. Wayman Blakely—Seventeenth Episcopal District, Bishop Harold I. Bearden—Eighteenth Episcopal District, Bishop Hubert N. Robinson.

The newly elected bishops were consecrated on Sunday, May 17, at 5 p.m. Senior Bishop Sherman L. Greene delivered the Consecration Sermon.

New General Officers elected were: Dr. Charles S. Spivey, Secretary-Treasurer of the A.M.E. Sunday School Union, defeating Mr. F.A. Selby, who had held the position for 28 years. Rev. L. Sylvester Odum, pastor of the A.M.E. Christian Recorder, the denomination's publication. The Rev. J.M. Granberry, former pastor in Oklahoma and present pastor in Columbia, Tennessee, was elected Secretary-Treasurer of the Pension Department.

Two H-D Workshops Held
Seven homemakers attended the upholstery workshop Tuesday, May 19, in Mrs. Charlene Moore's home in the Churchill community. One chair was completed. The workshop was conducted by Mrs. Alphonsa T. Williams, Assistant Home Demonstration Agent for Negro Work.

On Thursday, May 21, a lamp shade making workshop was held in the small courtroom of the courthouse with eight leaders attending, representing four home demonstration clubs. Mrs. M.S. Riley was instructor for the class.

This was the second workshop held as a result of the Area Rural Arts Workshop held in Pine Bluff on April 21.

4-H A-H Activity Results
Approximately seventy-five 4-H'ers and adults attended the 4-H Activity Day held Saturday, May 23, at Yerger High School. Thirty-two 4-H'ers participated in the following activities: Dress revue, bread, dairy and home management demonstrations, forestry, land judging, tractor driving and hardware identification.

According to Mrs. Alphonsa T. Williams Assistant Home Demonstration Agent and C. B. Smith, Assistant County Agent for Negro Work, the county winners in the various divisions were as follows: Best Dress—1st place, Nina P. Enelish, Oak Grove Club; School Dress—1st place, Gloria Moore, Fulton Club 2nd place, Ruthie Richie of Blevins—Iron Springs Club; 3rd place—Fannie Morrison, Oak Grove Club; Skirts—1st place, Verna Jean Ford, Sprudell Club; 2nd place, Joyce Lafayette Sprudell Club; 3rd place, Lottie Brunson, Fulton Club; Bread Demonstration—1st place, Mary E. Henry, Fulton Club; 2nd place, Myrtle Williamson, Antioch Club; 3rd place, Audrey Wilson, Blevins—Iron Springs Club; Home Management—1st place, Gwendolyn Wilson of Blevins—Iron Springs Club; Dairy Foods—1st place, Francis Hendrix, Fulton Club; Tractor Driving—Thomas Eddie Morrison of Oak Grove Club, 1st and Jerry W. Ford of Sprudell Club; 2nd, Land Judging—1st place, Edward L. Wade, Blevins Club and Leverly Baker of Fulton Club; 2nd place, Hardware Identification—1st place, Charles Morrison of Oak Grove Club, 2nd place-Odell Turner of McCaskill Club. Forestry Contest was won by Dewey Johnson of Greenhill, 2nd and 3rd places went to Sammie Hendrix and Chris Hindman of Fulton Club.

The first-place winners in the various divisions will represent the county in Pine Bluff during State 4-H Club Week, July 13-17.

The leaders assisting with the activities were: Mrs. Katie Hendrix of Fulton, Mrs. Australia Hendrix and Mrs. Virginia Cannon of Sprudell, Mrs. Mae Willie James and Mrs. George Richard son of Greenhill; Mrs. Dodie

Fort Smith Voters Turn Down Bonds
FORT SMITH, Ark. (AP) — Fort Smith voters refused Tuesday to approve a tax-supported bond issue of \$1,150,000 to finance rebuilding of the O. K. Feed Mill.

Defeat of the bond proposal left the future of the mill, which was destroyed in an explosion and fire in February, in doubt. Collier Wenderoth, Jr., president of the O. K. firm, said the company was disappointed by the vote but would accept the result as conclusive.

The firm's plans now are indefinite, he added.

The vote went 2,995 against the issue to 1,519 for it. The bonds would have been issued under Amendment 49 and a 1 1/2-mill tax would have been authorized to retire them.

It was one of the few times that Arkansans have rejected an industry-financing bond issue. Most of the recent bond proposals have been under Act 9 which provides for revenue bonds with no tax backing.

Lewisville Site for Station
LEWISVILLE, Ark. (AP) — Eighth Naval District headquarters at New Orleans announced Tuesday that a contract for site preparation for a space surveillance station near Lewisville had been awarded to Garbi, Joseph and Daugherty, Inc., of North Little Rock for \$107,761. The Navy announced plans to build the \$1.3 million station last fall.

those. Then he was arrested for assault and battery, assault with a deadly weapon, homicide three times. He beat all those raps. The last time he was arrested was 2 years ago.

"How did he beat the raps?" "Good lawyers and intimidated witnesses—but I can't prove it."

"Then 12 years ago he reformed?" I asked.

"Are you kidding? If Rako reformed, it was only when he couldn't breathe anymore. He went to work for Johnny Clark. Know who he is?"

"I know."

"He started out as a strong-arm boy for Clark. If anybody decided not to play along with Clark's union, it was Rako who paid him a visit. He became more and more important to Clark and moved up until he was head of the Carrier's local here which is a catch-all local. That was when his wife went into business."

"It was believed that Rako's wife and Clark's wife were given union funds to start the business, and that various companies were blackmailed into throwing their business to the Rack Trucking Company. That's what the Congressional committee was trying to find out. But they were never able to prove anything and neither was anyone else. You know about Rako taking the Fifth?"

"Yes. He took it on every question for a whole day and then disappeared that night."

"That's right. And I can tell you that the trail ended right there—at the Peraton Hotel in Washington where Rako was staying. A lot of good people have worked on it—the FBI, the investigators for the Congressional committee, and the police of several cities. Nobody ever got to where they could even see first base. That's what you're up against."

Bois d'Arc Lake---Gov. Faubus Dedicates It Saturday

Here is a page of pictures of Bois d'Arc Lake & Hunting Area, 3 miles southwest of Spring Hill, which will be dedicated by Gov. Orval Faubus and the Arkansas Game & Fish Commission Saturday afternoon, May 30.

Governor Faubus will speak at 3 p.m. With him will be William Apple, vice-president of the National Wildlife Federation; Raymond Farris, president of the State Wildlife Federation; and G.&F. Commission officials.

Bois d'Arc Lake covers 600 acres and the duck-hunting area 2,000. The pictures on this page run consecutively from the launching ramp at Garland Kidd's store and cafe, to the levee — reading from left to right and down the page.

This scene shows the launching ramp — light patch at right.

—Hope Star photos

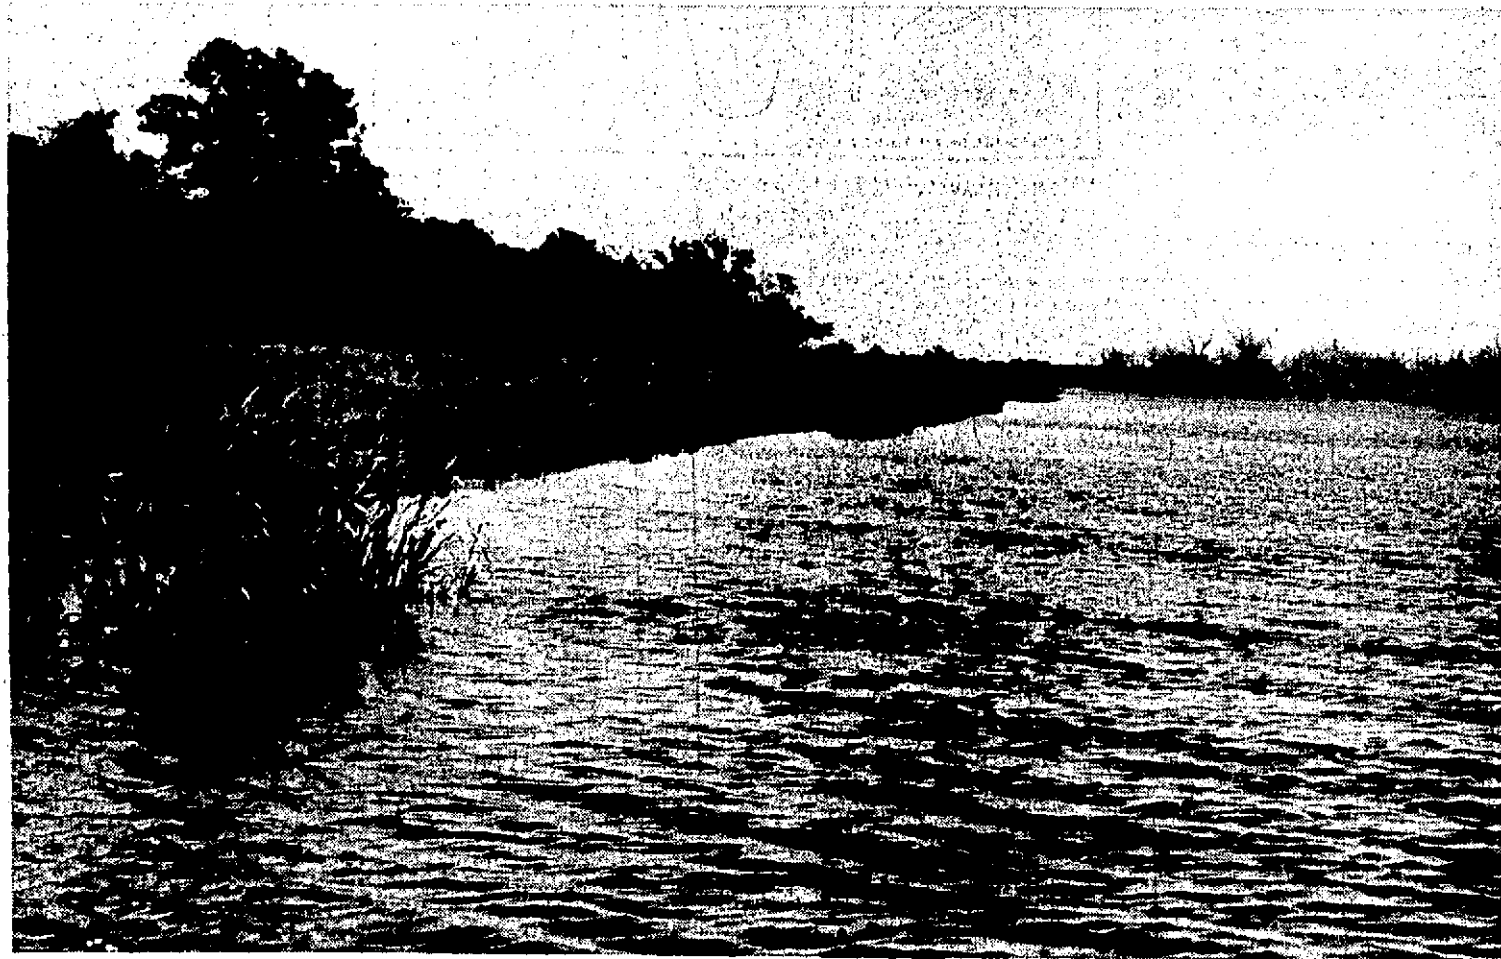

Traveling west and looking backward you see the main boat lane from the launching ramp, with fishermen in the foreground. There are many prizes for the public at this Saturday's dedication. A Zebeco fishing reel will go to the person reporting the largest bass, crappie, or bream before noon Saturday.

And then there will be a public drawing just before the dedication — the No. 1 prize being a 12-foot Razorback fishing boat donated by the manufacturer, with many merchandise prizes offered by the stores of Hope.

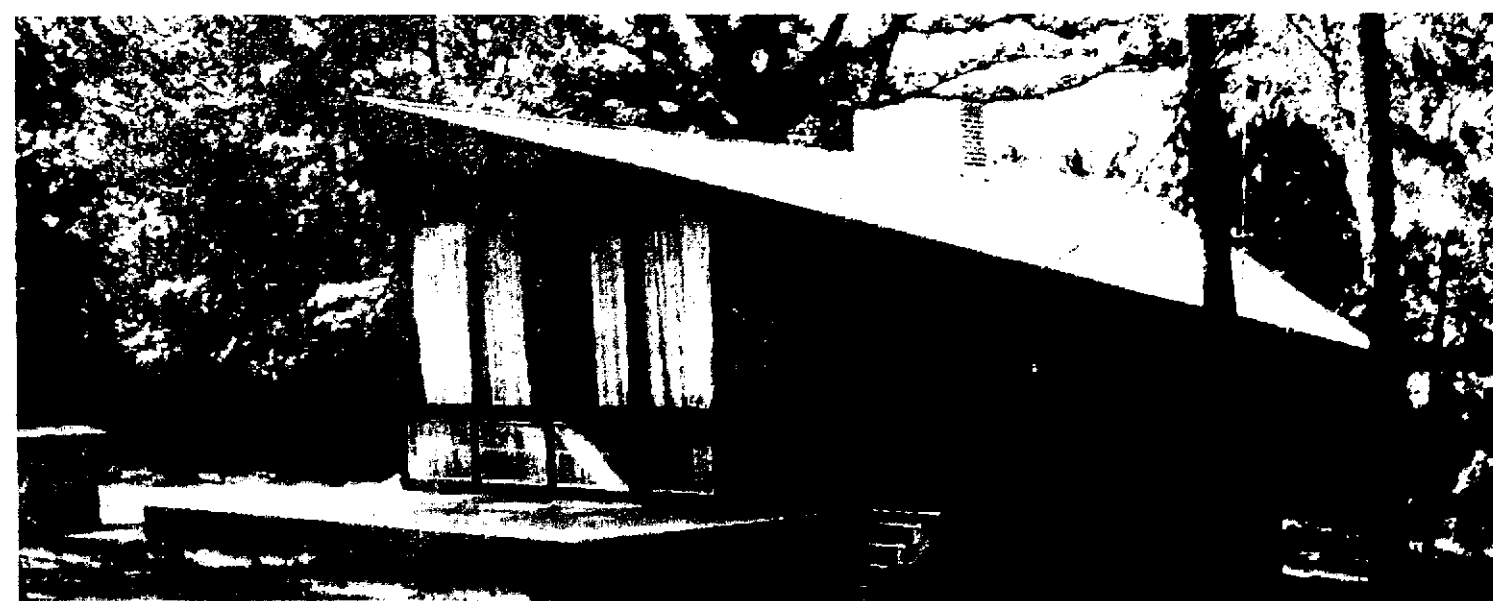

Here is a closeup of the fishermen shown in the boat-lane — they have a fine catch. At this point you make a right turn and head north for the levee.

This is the levee, at the north end of the lake.

There are many fishing cabins on Lake Bois d'Arc, but the finest is this one — owned by J. P.

These cabins line the road leading to Kidd's store and the launching ramp.

Star Announces \$100 in Prizes for Vacation Pictures

— Story on Page 2

BIG WATER, BIG LENS, AND BIG MAN!

Dan Jones, Hope football star, photographed Friday, May 22, with The Star's 15-inch telephoto lens while skiing on Narrows Lake. Jones is 6 feet 2 inches, weighs 215 pounds; he was 75 feet behind

boat but the long lens brought him up to 25 feet. For another gridiron star in an equally good picture see shot of Ricky Butler, Jones' teammate, on Page 12.

How to Enter Star's \$100 Vacation Picture Contest

Contest Runs From Now to Labor Day

For the best new Vacation Pictures made between now and Labor Day Hope Star offers the following cash prizes:

- FIRST—\$50
- SECOND—\$25
- THIRD—\$15
- FOURTH—\$10

What to Do:

Check your camera, load up with new film, make your vacation pictures—and mail your best print or prints to: Picture Editor, Hope Star, Hope, Ark.

You may submit as many prints as you wish—but you can't win more than one prize.

We will accept either conventional prints from negatives, or Polaroid prints. But prints from negatives shouldn't be

smaller than the Jumbo size—three and a half inches square or larger.

Pictures must be new ones shot this summer—whether on a trip or around here makes no difference, and of course they must never have been published anywhere.

No entry blank is required—just buy film from your local dealer, wherever you live, and send your pictures in to us. Do it now. We will publish worthwhile pictures daily through the summer.

The contest closes Labor Day—and the winners will be announced right after that, and the winning pictures will be published again. **SAVE YOUR NEGATIVES.** If you win a prize your negative must be surrendered to Hope Star with all reproduction rights to the picture. Another reason for **HOLDING ON TO THE NEGATIVE** is that The Star will want to enlarge the prize-winning pictures—and original negatives do a better job than photo-copying a

print to obtain a negative.

CAUTION WHEN MAILING PICTURE: Do not write on back of print or use a paper-clip to fasten your name-and-address paper to the picture—either of these things may ruin the print. Use gummed tape to attach identification, or, better still, enclose print in photographer's envelope—putting your name and address on the envelope before mailing to Picture Editor, Hope Star, Hope, Ark. Also, protect picture with piece of cardboard to avoid crushing in the mails.

Photographic envelopes—and cardboard—are available free at The Star office, or the store where you buy your film may supply you with these items.

Who Is Eligible:

The Vacation Picture Contest is open to everyone in Hempstead, Nevada, Howard, and LaFayette counties—except for the following persons:

Professional photographers and newspaper cameramen and their families, and the employ-

ees and their families of Hope Star and Hope Radio Station KXAR.

If you enter this contest you guarantee that you made the pictures yourself, and this guarantee plus surrender to Hope Star of the negative or Polaroid are required to defend your prize money. This constitutes a legal notice to contestants—and any violations will cause The Star to take action to recover the prize money even after delivery.

Extra copies of these Contest Rules will be reprinted in pamphlet form and distributed free to all drugstores, newsstands, and photo dealers—or wherever film is sold—and you may get a copy when you buy your film.

Remember the filing point: Picture Editor, Hope Star, Hope, Ark.

Remember the deadline: Labor Day, September 7, 1964—but file your contest pictures as early as possible. We want them for publication during the

Swimming in Safety at Home

Whether you now own a swimming pool or hope to build one some day (more and more middle-income families are taking the plunge), knowing the rules of swimming pool safety may make a vital difference to you and your family.

These protective pointers from Johns-Manville, producer of Celite filter aids, will keep you — figuratively, at least — from getting in over your head.

1. Arrange for an adult to be

present whenever the children are in for a swim. In the case of neighborhood kids, make an informal rule that no small children will be allowed unless accompanied by an adult.

2. Be sure that swimmers stay out of the pool for at least one hour after meals.

3. Have a life preserver handy — an inflated inner tube is fine.

4. A high fence around the pool will protect wandering tots — and possibly save you from negligence charges. Keep the gate closed whenever the pool is not in use.

5. Electric lights in the pool area make night swimming safer, help prevents falls into the pool.

6. Filters should be run so

that pool water is completely filtered every 18-24 hours.

7. Filters must be cleaned every 3 to 10 days. The interval between cleanings can be lengthened by proper care of pool: frequent vacuuming and skimming (either by hand or with automatic skimmer).

8. Keep water well-chlorinated to fight the growth of algae and bacteria.

9. After the season, check valves, pipes and other equipment for damage that needs repairing. Moving parts should be oiled, and all exposed metal given a light coat of grease or oil to prevent rust. At least once a year, preferably in the spring, drain the pool and check pool walls and floors for cracks and

Potted Plants in Creative Decoration

Homemakers can make many interesting uses of potted plants for decorative touches in gardens, on patios and terraces, and along walks, to enhance all outdoor activity this spring and summer.

other damage.

10. During the off-season, pool should be constantly covered with a plastic or canvas top strong enough to support the weight of a person who might fall or step onto it. If the cover is removed for ice skating, be sure to replace it during warm spells to prevent accidents.

College Queen

By THE ASSOCIATED PRESS
FAYETTEVILLE, Ark. (AP) — Ellen Ann Ragsdale, 19, of Russellville has been selected to represent Arkansas at the 10th annual National College Queen Pageant in New York next month. Miss Ragsdale, a sophomore, was picked on the basis of leadership in campus activities and scholastic accomplishment.

can be attached to railings, walls and posts with clips or plant rings, for color accents. On a white fence you might try a combination of blue lobelia and purple heliotrope, an eye-catching combination.
